Dear Mr. Smith,

Thank you for your letter of 9/8, with which I agree. The, map, too, is helpful. Haven't been over that way in years, but I used to know where it is.

That it is election day bothers me not a bit. We always vote early in the morning.

I'll probably leave here in time to get there a little early, to allow for any wrong turn I might make while my mind is one something else, etc.

Thanks for your invitation and your note. I am looking forward to being with youe members and discussing this subject which is, as you say, of deep concern to us all.

Sincerely yours,

Harold Weisberg
